

## **Background Checks**

Regardless of the size of your business, pre-employment screening is a necessary hiring practice that helps in avoiding lawsuits and costly hiring mistakes. The Wyoming-Montana Safety Council can assist your company with this. The Council believes not only in the health and safety of workers, but also in the safe guarding of hiring qualified workers. The Council is an audited and approved vendor for a nationally known background check company. Background checking is a popular method of pre-employment screening. Our background checks consist of:

- Social Security Verification

- Criminal History and degree of for the last 7 years. This includes federal, state, and county criminal searches.

- Verification of given name

- Motor vehicle check and we will notify you of any adverse results. For more information on how you can register your company for our background check service, please call the Wyoming-Montana Safety Council at **(307) 635-4592**.
